

PEACE PROPOSALS SCORNFUL IN FRANCE

Premier Says Belgium Must Be Freed and Alsace and Lorraine Taken.

APPEALS FOR UNITED SUPPORT OF NATION

Cites Necessity of Parliament Supporting Government and Gets Applause of Deputies.

PARIS, August 27.—Charges against various departments of the government which have been accused of waste and dereliction toward their duties were answered by the premier in a ringing address in the chamber of deputies. He was applauded loudly as he declared that France wanted no peace, and scorned the idea that the nation was divided.

"I am not going to speak of the sanitary service alone," said the premier, "but also of parliamentary incidents that cannot be ignored. In the higher interest of the country, by which we are judged, we must justify the union of government and parliament. The home services on the war department have accomplished their tasks. In other quarters errors have been made, but parliament has lent cordial co-operation without seeking at the time to fix responsibility for mistakes. The errors have been repaired. Let us be honest and not seek to depress anxiety. France is equal to the task of fulfilling her destiny."

Peace Not Now Desired.

"Put the question of peace before the country and it would be blown to nothing," the premier continued. "Not until we have taken Alsace and Lorraine could there be mischievous divisions among us. Our enemies may continue astray in their dull error of last year, but not we."

The German press has said that France was divided. Yes, there are divergences of opinion. These are the essence of free government. But it would be a fatal division if there were in this country a fraction of the people who even thought of a premature peace. "Parliament possesses supervisory rights, but nevertheless the authority of the government must be all the stronger, owing to its responsibility," the premier continued. "We must have not only the expression of your confidence, but for the great task before us, we must have the freedom of action necessary. We must have the adhesion of all hearts, all minds and the good will of every one."

Unity Never More Necessary.

"Never has there been more necessary to the government front of view, the more that is demanded the greater the force required. It is for parliament to grant it to the government."

Premier Viviani concluded his remarks by saying: "I ask you to adopt the conciliatory attitude necessary that we may go on to victory."

The entire chamber applauded the premier. It was voted that his address be posted on the billboards throughout France.

Confusion Greeted Critic.

After Premier Viviani had concluded, Deputy Louis Accambray, who recently has several times criticized the government's conduct of the war, took the floor and began to deliver a tirade of criticism of Minister of War Millerand. The deputy spoke for an hour, but little if anything of what he said could be heard because of the confusion. Afterward several deputies spoke in approval of the premier's address, and the chamber voted the credits asked by the government by 539 to 1.

The proposition of the socialists for secret sessions of the chamber of deputies was received and ordered printed, and the chamber adjourned till September 16.

POLICE HOLD SEVERAL FOR KAYSER MURDER

One Arrested, Several Detained for Slaying German Preacher at Tolleston, Ind.

GARY, Ind., August 27.—One man was under arrest and several were detained for examination by the police today in an effort to apprehend the murderers of Rev. Edmund Kayser, who was slain at his home in Tolleston, a suburb, last Tuesday night. The names of the men were withheld, and Chief of Police Heintz refused to disclose the nature of the evidence against them.

The chief admitted today he had not discovered whether the clergyman was killed because of his pro-German utterances or for other acts which brought him the enmity of some of his neighbors. Edmund Le Roy, an Englishman, said to have denounced Kayser in his church some weeks ago, was taken into custody, but later released. A trunk which it was believed might contain proof of a plot to assassinate the minister was taken in charge by the police.

Efforts were made today to determine to what extent letters Kayser is said to have written to German officials could have inflamed partisans of the allies against him.

NEW YORK, August 27.—Nelson O'Shaughnessy of the business men's regiment now learning the art of war at Plattsburg is a defendant in a suit for \$478.11, brought against him by the Ritz-Carlton Hotel for an alleged unpaid board bill for a short period up to December 1, 1912.

The fact that the papers in the suit were served upon the former United States charge d'affaires in Mexico was not disclosed until today, when the attorneys were filed in the office of the county clerk, showing that Tuesday evening of this week the sheriff of Clinton county, N. Y., and a deputy sheriff sought out Corp. O'Shaughnessy in the camp at Plattsburg and served the papers upon him.

Sheriff J. S. Moore and his deputy, D. S. Lombard, went to camp and waited until the corporal finished his duties and was resting leisurely in his tent before they served the summons.

HINTS AT CONSCRIPTION FOR THE BRITISH ARMY

Earl of Selborne Declares More Men Have Got to Join

Colors.

LONDON, August 27.—Something in the nature of conscription, though the term was not employed, was fore-shadowed by the Earl of Selborne, president of the board of agriculture, in an address to a deputation of agricultural land owners which visited him in London.

"Many more men have got to join the army, whether voluntarily or compulsorily," said the earl. "The agricultural laborer has done his part nobly in this war, but the response has been very unequal over the country and I forecast that during the next year men will be taken from districts and farms, which hitherto they have not done."

"What I shall aim at—and Earl Kitchener has been very sympathetic—is to leave the farmer his foreman, stockman, carters and shepherds, but the rest of the work will have to be done."
